

Early Learning Goal

Understanding the World Past and Present ELG Children at the expected level of development will: - Talk about the lives of the people around them and their roles in society; - Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class; - Understand the past through settings, characters and events encountered in books read in class and storytelling.

*How can we support in ensuring that the children are provided with rich and varied experiences in order for them to successfully achieve the ELG? First and foremost, it's important to keep in mind when planning for UTW ,we **must** start from the familiar and personal, leading children from what is already known to discovering new things. Think about it like this:*

- the known to the unknown
- the familiar to the unfamiliar
- the local to the global
- the first-hand to the secondary

Key learning opportunities.

Using books and talk time to discuss what they see and to share personal experiences.

Using puppets to re-tell stories and key events. Role-play linked to real life and fictional events.

Use photos from their own lives and the lives of other people. Share photos from the past. Listen to people share their experiences. Provide opportunities for children to explore artefacts, to dress up and take on roles from the past and present.
