

| Term | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 | Week 7 | Week 8 | Week 9 | Week 10 | Week 11 | Week 12 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Autumn | Count in steps of Recognise the p Identify, represe number line Compare and or Read and write Use place value | and 5 from 0 , <br> lue of each <br> estimate num <br> mbers from 0 <br> s to at least <br> mber facts | ace value <br> in tens from <br> a two-digit <br> using differ <br> 100; use a <br> in numerals <br> e problems | umber, forw er (tens, on oresentation <br> signs <br> words | nd backward <br> luding the | Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: <br> - a two-digit number and ones <br> - a two-digit number and tens <br> - two two-digit numbers <br> - adding three one-digit numbers <br> Show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot <br> Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems. |  |  |  |  |  |  |
| Spring | Multiplication and division <br> Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers <br> Calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication ( $\times$ ), division $(\div)$ and equals $(=)$ signs <br> Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot <br> Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts |  |  |  |  | Fractions <br> Recognise, find, name and write fractions $\frac{1}{3}, \frac{1}{4}, \frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantity <br> Write simple fractions for example, $\frac{1}{2}$ of $6=3$ and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$ |  |  | Money <br> Recognise and use symbols for pounds (£) and pence (p) <br> Combine amounts to make a particular value <br> Find different combinations of coins that equal the same amounts of money <br> Solve simple problems in a practical context involving addition and subtraction of |  | Compare and s of time Tell and write th minutes, includi to the hour and on a clock face time | Time <br> uence intervals <br> ime to five quarter past/ aw the hands show these |

|  |  |  |  | money of the same unit, including giving change | Know the number of minutes in an hour and the number of hours in a day |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Summer | Shape <br> Identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line <br> Identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces <br> Identify 2-D shapes on the surface of 3-D shapes, [for example, a circle on a cylinder and a triangle on a pyramid] <br> Compare and sort common 2-D and 3-D shapes and everyday objects Shape | Length and height <br> Choose and use appropriate standard units to estimate and measure length/ height in any direction ( $\mathrm{m} / \mathrm{cm}$ ) to the nearest appropriate unit, using rulers <br> Compare and order lengths and record the result using >, < and = | Mass, capacity and temperature <br> Choose and use appropriate standard units to estimate and measure mass (kg/g); temperature $\left({ }^{\circ} \mathrm{C}\right)$; capacity (litres/ ml) to the nearest appropriate unit, using scales, thermometers and measuring vessels <br> Compare and order mass, volume/ capacity and record the results using >, < and = | Position and direction Position and direction <br> Order and arrange combinations of mathematical objects in patterns and sequences <br> Use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and threequarter turns (clockwise and anticlockwise) | Statistics <br> Interpret and construct simple pictograms, tally charts, block diagrams and simple tables <br> Ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity <br> Ask and answer questions about totalling and comparing categorical data |
