Part A: Pupil premium strategy plan

Statement of intent

At Ormiston Meadows Academy we believe that every child no matter what their background should make at least good progress, this being through quality first teaching, interventions, and pastoral care. We believe every child is entitled to the same level of education, enjoyment, and welfare support as their counterparts.

The academy continues to build on the three-tiered approach focussing on high quality teaching, investment into targeted academic support and supporting wider, non-academic issues such as attendance, social and emotional support and parenting support.

The use of evidence-based research, such as the EEF is used to determine focus for support that will have a significant amount of impact each year. We ensure careful and rigorous monitoring is in place to evaluate the impact these have on our pupils.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Close the gap in prior learning and attainment.
2	Pupils being ' <i>ready to learn</i> ' in class with significant pastoral needs (pupils are in a secure place mentally/emotionally).
3	Limited speech and language skills which impacts on learning (vocabulary/reading).
4	Poor learning skills. E.g. innovation and resilience / grit.
5	Consistent attendance and punctuality.
6	Access to resources, such as books, libraries, life experiences (especially cultural).
7	Low aspirations about what can be achieved and how to be successful and limited access to positive role-models.
8	A lack of regular routines including home reading, homework, spellings and having correct equipment in school (e.g. PE kit).
9	Parental engagement with school and perceptions of education. Priority placed upon learning and achievement.
