Be your Best, Expect the Best, Succeed Together

Dear Parents/Carers,

On Tuesday 9th July 2024, we will be taking a walk to Bushfield as part of our science curriculum focus 'Animals including humans' where we are learning about the circulatory system. At Bushfield, the children will be dissecting a sheep's heart so they can learn more about the heart and its structure. This is an exciting opportunity for the children to learn about science in a secondary setting.

The trip is in school hours leaving at 12:30 prompt so the children's lunch will adapted accordingly, and we will be back in school before the end of the day.

Please ensure your child has a coat to wear on the day if the weather is not on our side!

Kind Regards,

Miss Bird
